Our aim is to inspire, engage and motivate our children to ignite a passion for learning so that they can succeed and reach their full potential. We provide a creative and nurturing environment where children can explore, discover and learn through real life experiences to build the foundations for a lifelong love of learning.

We fully believe that a strong partnership between parents and staff is essential and so we operate an open door policy and encourage parents to be fully involved in their child's education. We have strong links with the local community including St. Andrew's church.

Whilst academic success is important, at St. Andrew's we strive to educate the whole child through a varied, engaging curriculum and extra-curricular activities as well as encouraging interest in the arts, music and sport.
