You will then be sent a link to the teacher's meeting on Monday morning. The teacher will run one meeting for the duration of the parents' evening. When you attend the meeting, you will be held in a "waiting room" until the teacher lets you in to the meeting at your allotted time. You will then be disconnected after your appointment.

Before your meeting starts, please will you:

Check your microphone works

Find a quiet space where you can talk to your child's teacher without distractions

Change the name that appears on your screen to your child's name so that the teacher knows who is waiting in the waiting room. You will be prompted to do this when you first access zoom.

If the connection is lost for whatever reason, please just reconnect and wait to be let into the meeting again.

ParentPay<sup>®</sup>

### We are excited to introduce Parent Pay.

Not only will this mean you can send cashless payments for activities such as school trips, but also this will be our main form of communication. Once activated, you will receive school letters, messages and any important information by email or text alert. This will eventually replace parent hub, although there will be an initial period of using both to ensure you have had time to register.

Please look out for your activation letter coming home today.

We are very pleased to announce that are returning to Hot school meals after October Half Term.

Please order your meals by midnight on Tuesday 20th October for the return to school for the new term.
