7th October 2026

Dear Parents and Carers,

A little reminder that bookings for Parents' Evenings are now open. If you haven't booked your appointment yet, please do so via Arbor. These evenings are a really important opportunity to talk with your child's teacher about how they are getting on, celebrate their progress and discuss any areas for development.

We are also busy finalising our clubs for after half term. We have lots of exciting activities planned and will share the full list as soon as everything is confirmed. Watch this space! Bookings will be available through Arbor shortly, so please keep an eye out for further information.

Yours sincerely

Mrs. Judith Bentley
Head teacher

Our Value This Term: Generosity
This term, our school value is Generosity. We have been thinking about what it means to be generous and how we can show generosity in our everyday lives.

Generosity isn't just about giving money or possessions. It can be as simple as sharing our time, helping someone, including others, offering encouragement or showing kindness. We will be encouraging the children to look for opportunities to make a difference to someone else, however small.

We hope that this term our children will discover that being generous not only helps others, but also brings joy to ourselves and helps us to build a caring and compassionate community. Let's see how many acts of generosity we can spread throughout our school community this term! 

DIARY DATES

14th and 15th October - Parents consultation evenings - please book via Arbor

20th October - Y6 Class worship 9.00am in school. Parents welcome

23rd October - Non uniform day in return for a chocolate item for chocolate tombola

23rd October - Last day of term

2nd November - first day back

OUR SCHOOL VISION

By our whole school community living by the Christian principles of respect, resilience, relationships, reverence and responsibility, we will produce children ready for the next stage of their lives.

Five Rs = Ready for Life

"I have come that they may have life, and have it to the full." John 10:10

Year 6 have been continuing their photography unit in Art. In our last Art lesson we produced these super album covers.

Year 5 have been busy designing and making their own doodlers in DT! By investigating how electrical products are constructed, the children developed their understanding of series circuits and how a motor can create movement. They designed, planned and built their doodlers before testing and evaluating how successfully they worked. These finished creations are the outcome of their hard work, creativity and problem-solving!
